SUBJECT INDEX TO VOLUME XVI

ABDERHALDEN'S biological test for pregnancy, 411
Abscess, Typho-tuberculous tubo-ovarian, 180
Adenomyoma uteri, Pregnancy in an, A new type of ectopic gestation, 14
Amputation, of the cervix, Post-operative results of, 390; flaps, 432
Anæsthesia, and anoci-association, 627; Nitrous oxide and oxygen, 622; Intratracheal ether, 296; Concerning sacral, 488; Experiences with intravenous, preliminary report, 206; A case of extensive subcutaneous emphysema following intratracheal, with recovery, 204
Anastomosis, Lateral intestinal; A modification of the Ferguson-Grant method, 325
Anoci-Association, Anæsthesia and, 627
Appendix stump, A self-inverting suture for the, 98
Arthritis, The classification of, 54

BAG, A new obstetrical rubber dilating, 329
Bilocular hernia, 359
Biological test for pregnancy, Abderhalden's, 411
Birth by conduplicato corpore, 713
Bladder, A case of carcinoma of the, Controlled by the high frequency current, 79
Blood supply of the uterus, The influence of myomata on the, With special reference to abnormal uterine bleeding, 144
Bone grafts, The fate of, 701
Bowel, The value of complete physiological rest of the large, In the treatment of certain ulcerative and obstructive lesions of this organ, 610

CÆCUM mobile, Etiology of Lane's kink, Jackson's membrane, and, 353
Calculi, Seminal, simulating nephrolithiasis, 302
Cancer, of the cervix, The cautery in the radical treatment of, 579; of the uterus, The radical operation for, 265; of the uterus, The radical abdominal operation for, 255; of the uterus, The extended abdominal radical operation for, 251; A possible factor in the causation of, 190; How can we improve the results of our operations for, 185; of the cervix uteri, The extended vaginal operation for, 284; of the uterine cervix, Results of the radical abdominal operation for, 304; of the uterus, The present status of the radical abdominal operation for, 563; of the uterine cervix, Results of the radical abdominal operation for, 583; campaign, 102
Carcinoma, The first successful case of resection of the thoracic portion of the œsophagus for, 614; of the bladder controlled by the high frequency current, A case of, 79; of the cervix of the uterus, Results after the Wertheim operation for, 293
Cautery, The, in the radical treatment of cancer of the cervix, 579
Cervix, The cautery in the radical treatment of cancer of the, 579; Results of the radical abdominal operation for cancer of the uterine, 583; Post-operative results of amputation of the, 390; Results of the radical abdominal operation for cancer of the uterine, 304; of the uterus, Results after the Wertheim operation for carcinoma of the, 293; Uteri, The extended vaginal operation for cancer of the, 284
Cervical, decidua, 694; Rib, A report of two cases of, and an operative measure to prevent recurrence of symptoms, 322
Chicago Gynecological Society, trans., 106, 113, 455, 632, 694, 715; Surgical Society, trans., 110, 223, 438, 566
Child-Bearing, Etiology, pathology and treatment of ovarian cysts in relation to, with special reference to hæmorrhage into the cysts, 63
Chinese War, Gunshot wounds of the, corr., 228
Cholecystitis, Acute perforative, complicated by general peritonitis, 386
Chorio-Epithelioma: Recurrence after three years: Invasion of the spinal canal: Villi in secondary growth, 362
Chylous cysts of the mesentery, Bibliography of, 606
Cicatricial contractions of the neck, lips and eyelids and across joints. Z-Plastic surgery: Plastic operations for elongate, 209
Clamp, An umbilical cord, 99
Clawfoot and how to relieve it, 81
Clinical Congress of Surgeons of North America, The field of usefulness of the, 480
College of Surgeons, 434; 720; On membership in, 723
Conduplicato corpore, Birth by, 713
Congress of Surgeons of North America, The field of usefulness of the Clinical, 480
Conjoined tendon, Some observations on the anatomy of the inguinal region with special reference to absence of the, 566
Contractions of the neck, lips and eyelids and across joints. Z-Plastic surgery: Plastic operations for elongate cicatricial, 209
Cord, clamp, An umbilical, 99; Tumors from a neurologic viewpoint, The surgery of spinal, 475
Corpora lutea in the treatment of artificial menopause, A further consideration of the use of, 712
Cysts, of the mesentery, Bibliography of chylous, 606; A tuberculous, probably of pancreatic origin, 96; in relation to child-bearing with special reference to hæmorrhage into the cysts. Etiology, pathology and treatment of ovarian, 63

DECIDUA, Cervical, 694
Diabetes mellitus, 583
Diaphragm and positive pressure (Meltzer), Subcutaneous rupture of the, 135
Dilating bag, A new obstetrical rubber, 329
Dilatation, Acute, of the stomach and its treatment, 662
Dislocation, of both bones of the forearm at the elbow, A case of complete anterior, 570; Primary traumatic dorsal complete radiocarpal, 400
Diverticulum, Notes of cases illustrating some of the surgical aspects of persistent Meckel's, 656; Meckel's, with report of four cases, 74; Meckel's, and complications, 200
Dystopic kidney, 1

ECLAMPSIA, Obstetrical and surgical treatment of puerperal, 219
Ectopic gestation; Pregnancy in an adenomyoma uteri, A new type of, 14; Pregnancy associated with anomalous Fallopian tubes, 548; Pregnancy, A case of blood transfusion in, 577
Elbow, A case of complete anterior dislocation of both bones of the forearm at the, 570
Emphysema following intratracheal anæsthesia, with recovery, A case of extensive subcutaneous, 204

Enzymes of the blood as a means of extra-corporeal diagnosis, The employment of protective, 418
Essential hæmaturia, Unilateral kidney hæmorrhage with reference to so-called, 34

FALLOPIAN tubes, Ectopic pregnancy associated with anomalous, 548
Femur, The open treatment of fracture of the, 429
Ferguson-Grant method, Lateral intestinal anastomosis: A modification of the, 325
Flaps, Amputation, 432
Fœtal peritoneal folds of Jonnesco, Treves and Reid, and their probable relationship to Jackson's membrane and Lane's kink, The, 341
Fracture of the femur, The open treatment of, 429

GALL-STONE ileus, 709
Goiter and its relation to its structural and physiological units, 406
Grafts, The fate of bone, 701
Gunshot wounds of the Chinese War, corr., 228
Gynecology, The last word on the X-ray in, corr., 230

HÆMATOMA, Perirenal, 571
Hæmaturia, Unilateral kidney hæmorrhage with reference to so-called essential, 34
Hæmorrhage, Unilateral kidney, with reference to so-called essential hæmaturia, 34; into the cysts, Etiology, pathology and treatment of ovarian cysts in relation to child-bearing with special reference to, 63
Hæmorrhoids, The Whitehead operation for, A report of 200 cases, 213
Hernia, Bilocular, 359; Report of the radical operative cure of a double obturator, 422; Through the pelvic outlet, 20
High frequency current, A case of carcinoma of the bladder controlled by the, 79
Hyperextension, The spinal column as affected by traction and, 704
Hypophyseal surgery, A consideration of final results in, 541

ILEUS, Gall-stone, 709
Indigocarmine intravenously as a test of the renal function, Preliminary report of the use of, 568
Inguinal region with special reference to absence of the conjoined tendon, Some observations on the anatomy of the, 566
International Abstract of Surgery, 106
Intestinal stasis, Chronic, 600; Stasis, Orthopedic principles in the treatment of abdominal visceroptosis and chronic, 587; Anastomosis; A modification of the Ferguson-Grant method, Lateral, 325
Intestine, Successful removal of over eleven feet of small, 40
Intratracheal ether anæsthesia, 296; Anæsthesia, with recovery, A case of extensive subcutaneous emphysema following, 204
Intravenous anæsthesia, Experiences with, Preliminary report, 206
Intra-uterine life, Do the parathyroids functionate in, 141

JACKSON'S membrane and Lane's kink, The fœtal peritoneal folds of Jonnesco, Treves, and Reid, and their probable relationship to, 341; and cæcum mobile, Etiology of Lane's kink, 353
Jonnesco, The fœtal peritoneal folds of, Treves, and Reid, and their probable relationship to Jackson's membrane and Lane's kink, 341

KIDNEY, dystopic, 1; Hæmorrhage with reference to so-called essential hæmaturia, Unilateral, 34

LACHRYMAL sac, Extirpation of the, 536
Lane's kink, Etiology of, Jackson's membrane and cæcum mobile, 353
Legal registration of the surgeon, The post-graduate preparation and, 439; Regulation in the practice of surgery, The need of professional and, 441
Leucocyte count in pelvic suppurative conditions, The prognostic value of the, 403

MECKEL'S diverticulum; with report of four cases, 74; diverticulum and complications, 200; diverticulum, Notes of cases illustrating some of the surgical aspects of persistent, 656
Meningitis, Indications for and results of operative treatment of otitic, 369, 276
Menopause, A further consideration of the use of corpora lutea in the treatment of artificial, 712
Menstruation, The pathology of uterine casts passed during, 651
Mesentery, Bibliography of chylous cysts of the, 606
Metabolism of normal pregnancy and the normal puerperium, Some observations on the protein, 43
Myoma of the uterus and its bearing on X-ray therapy of uterine myomata, Relation between sarcoma and, 315
Myomata, The influence of, on the blood supply of the uterus, with special reference to abnormal uterine bleeding, 144

NEPHROLITHIASIS, Seminal calculi simulating, 302
Nerve roots in men, On the indications and results of the excision of posterior spinal, 463
Nitrous oxide and oxygen anæsthesia, 622

OBSTETRICAL rubber dilating bag, A new, 329
Obstructive lesions of this organ, The value of complete physiological rest of the large bowel in the treatment of certain ulcerative and, 610
Obturator hernia, Report of the radical operative cure of a double, 422
Œsophagus for carcinoma, The first successful case of resection of the thoracic portion of the, 614
Oöphorectomy, Pregnancy after, corr., 230
Osteoplasty, 493
Otitic meningitis, Indications for and results of operative treatment of, 369, 376
Ovarian, cysts in relation to child-bearing with special reference to hæmorrhage into the cysts, Etiology, pathology and treatment of, 63; tumors complicating pregnancy, delivery and the puerperium, 28
Oxygen anæsthesia, Nitrous oxide and, 622

PANCREATIC origin, A tuberculous cyst, probably of, 96
Parathyroid problem, The thyroid and, 595
Parathyroids, Do the, functionate in intra-uterine life, 141
Pelvic suppurative conditions, The prognostic value of the leucocyte count in, 403
Pelvic outlet, Hernia through the, 20
Perirenal hæmatoma, 571
Peritoneal, The fœtal, folds of Jonnesco, Treves, and Reid, and their probable relationship to Jackson's membrane and Lane's kink, 341
Peritonitis, General plastic, 312
Physiological, The value of complete, rest of the large bowel in the treatment of certain ulcerative and obstructive lesions of this organ, 610
Plastic peritonitis, General, 312

Portal vein, Experimental ligation of the, its application to the treatment of suppurative pylephlebitis, 481
Positive pressure (Meltzer), Subcutaneous rupture of the diaphragm and, 135
Post-Operative results of amputation of the cervix, 390
Post-Graduate preparation and legal registration of the surgeon, The, 439
Pregnancy, A case of blood transfusion in ectopic, 577; Ectopic, associated with anomalous Fallopian tubes, 548; Abderhalden's biological test for, 411; after oöphorectomy, corr., 230; and the normal puerperium, Some observations on the protein metabolism of normal; 43; delivery and the puerperium, Ovarian tumors complicating, 28; in an adenomyoma uteri, A new type of ectopic gestation, 14
Procidentia uteri in elderly women, The cure of, A new intra-abdominal technique, 216
Proctoclysis; An experimental study, 560
Prostatectomy; 379; with special reference to the sequels, 618; Immediate closure in perineal, 94; The After-treatment of suprapubic, 332; by a composite method, 424
Protein metabolism of normal pregnancy and the normal puerperium, Some observations on the, 43
Puerperal eclampsia, Obstetrical and surgical treatment of, 219
Puerperium, Some observations on the protein metabolism of normal pregnancy and the normal, 43
Pylephlebitis, Experimental ligation of the portal vein; its application to the treatment of suppurative, 481

RADIOCARPAL dislocation, Primary traumatic dorsal complete, 400
Regulation in the practice of surgery, The need of professional and legal, 441
Reid, The fœtal peritoneal folds of Jonnesco, Treves, and, and their probable relationship to Jackson's membrane and Lane's kink, 341
Renal function, Preliminary report of the use of indigo-carmine intravenously as a test of the, 568
Resection of the thoracic portion of the œsophagus for carcinoma, The first successful case of, 614
Retroversion of the uterus, Removal of strain from the round ligaments while healing, after correcting, 712
Rib, A report on two cases of cervical, and an operative measure to prevent recurrence of symptoms, 322
Round ligaments, Removal of strain from the, while healing, after correcting retroversion of the uterus, 712
Rupture, Subcutaneous, of the diaphragm and positive pressure (Meltzer), 135; of the uterus, 330

SACRAL anæsthesia, Concerning, 488
Sarcoma and myoma of the uterus and its bearing on X-ray therapy of uterine myomata, The relation between, 315
Seminal calculi simulating nephrolithiasis, 302; ducts, Vasostomy-radiography of the, 569
Silk, The preparation of waxed, corr., 460
Silver iodide emulsion, A new medium for skiagraphy of the urinary tract, 707
Skiagraphy of the urinary tract, Silver iodide emulsion-A new medium for, 707
Societies; Chicago Gynecological, trans., 106, 113, 455, 632, 694, 715; Chicago Surgical, trans., 110, 223, 438, 566; Washington Surgical, trans., 108, 227
Spinal column, Certain problems and procedures in the surgery of the, 553; cord tumors from a neurologic viewpoint, The surgery of, 475; nerve roots in men, On the indications and results of the excision of posterior, 463, 474; surgery, Experiences in, 117; column as affected by traction and hyperextension, 704
Spleen, Surgery of the, 233
Splenomegaly, The pathology of, a study of the operative and autopsy material from the Mayo Clinic, 240
Standardizing surgical practice, A method of classifying and, 438
Stasis, Chronic intestinal, 600; Orthopedic principles in the treatment of abdominal visceroptosis and chronic intestinal, 587
Sterilization, The technique of tubal, 92
Stomach, A suggestion tending to simplify and make more accurate the closure of the posterior edges of the wound margin after excision of saddle ulcer of the, 205; and its treatment, Acute dilatation of the, 662
Strain, Removal of, from the round ligaments while healing, after correcting retroversion of the uterus, 712
Strictures causing retention, Dilatation of tight urethral, 221
Subcuticular suture, How to secure the end of a, 218
Suppurative conditions, The prognostic value of the leucocyte count in pelvic, 403
Surgeon, The post-graduate preparation and legal registration of the, 439
Surgeons of North America, The field of usefulness of the Clinical Congress of, 480
Surgery, The need of professional and legal regulation in the practice of, 441
Surgical practice, A method of classifying and standardizing, 438
Suture, How to secure the end of a subcuticular, 218; A self-inverting, for the appendix stump, 98

TENDON transplantation operations, Observations on, 84
Thoracic portion of the œsophagus for carcinoma, The first successful case of resection of the, 614
Thyroid, The, and parathyroid problem, 595
Traction and hyperextension, The spinal column as affected by, 704
Transfusion in ectopic pregnancy, A case of blood, 577
Transplantation operations, Observations on tendon, 84
Treves, and Reid, and their probable relationship to Jackson's membrane and Lane's kink, The fœtal peritoneal folds of Jonnesco, 341
Tubal sterilization, The technique of, 92
Tuberculous cyst, A, probably of pancreatic origin, 96
Tubo-ovarian abscess, Typho-tuberculous, 180
Tumors, Ovarian, complicating pregnancy, delivery, and the puerperium, 28; Skiagraphic demonstration of vesical, 308; The surgery of spinal cord, from a neurologic viewpoint, 475.
Typho-tuberculous tubo-ovarian abscess, 180

ULCER of the stomach, A suggestion tending to simplify and make more accurate the closure of the posterior edges of the wound margin after excision of saddle, 205
Ulcerative and obstructive lesions of this organ, The value of complete physiological rest of the large bowel in the treatment of certain, 610
Umbilical cord clamp, An, 99
Urethral strictures causing retention, Dilatation of tight, 221
Urinary tract, Silver iodide emulsion, A new medium for skiagraphy of the, 707
Uteri, The extended vaginal operation for cancer of the cervix, 284; A new type of ectopic gestation; Pregnancy in an adenomyoma, 14; in elderly women, The cure of procidentia, a new intra-abdominal technique, 216

Uterine, cervix, Results of the radical abdominal operation for cancer of the, 304; casts passed during menstruation, The pathology of, 651; bleeding, The influence of myomata on the blood supply of the uterus, with special reference to abnormal, 144
Uterus, Inversion of the, 632; The present status of the radical abdominal operation for cancer of the, 563; Rupture of the, 330; The relation between sarcoma and myoma of the, and its bearing on X-ray therapy of uterine myomata, 315; Results after the Wertheim operation for carcinoma of the cervix of the, 293; The radical operation for cancer of the, 265; The radical abdominal operation for cancer of the, 255; The extended abdominal radical operation for cancer of the, 251; The influence of myomata on the blood supply of the, with special reference to abnormal uterine bleeding, 144

VASOSTOMY-radiography of the seminal ducts, 569
Vein, Experimental ligation of the portal, its application to the treatment of suppurative pylephlebitis, 481
Vesical tumors, Skiagraphic demonstration of, 308
Visceroptosis and chronic intestinal stasis, Orthopedic principles in the treatment of abdominal, 587

WASHINGTON Surgical Society, trans., 108, 227
Waxed silk, The preparation of, corr., 460
Wertheim operation for carcinoma of the cervix of the uterus, Results after the, 293
Whitehead operation for hæmorrhoids; a report of 200 cases, 213

X-RAY, in gynecology, The last word on the, corr., 230; therapy of uterine myomata, The relation between sarcoma and myoma of the uterus and its bearing on, 315
